

THRILL FINALE CANCELLED

After battling with their landlords at Anaheim's Edison Field early in the year due to a number of issues, Thrill Promotions made the decision to move its 2000 Championship Shifter Kart Series to the multi-faceted Willow Spring Raceway facility. Running on the venue's purpose-built kart track, the next event did not draw extremely well although those in attendance enjoyed the focus of the Speedvision cameras. The finale was scheduled to run in October although the race has now been cancelled due to lack of entries.
